INTRODUCTION

The following information is compiled from the State Library Commission of Iowa Public Library Survey - July 1, 1976 - June 30, 1977. This is the first compilation to be based on the fiscal year instead of the previous calendar year.

This is also the first time that the seven components of Iowa Regional Library System have played the vital role of checking this survey before its return to the State Library. The level of accuracy in this report would have been impossible without the cooperation of the regions.

Another "first" which should be noted is that all the following statistics have been recorded by region and then by size-groupings within each region.

The final "first" this year involves FTE (full-time equivalents). This year personnel figures were based on a 40 hour work week. You will find FTE for professional, technical/clerical and maintenance personnel. Hopefully the use of the 40-hour work week will make comparisons more accurate within and outside of Iowa.

Although the survey form had a somewhat different appearance this year, it was and will remain generally based on the U.S. Office of Education Library General Information Survey (LIBGIS).

As always, we welcome your comments and suggestions for future issues.

NOTES AND SYMBOLS

Each section of the following statistics is divided by region and then by size groupings (alphabetically) according to 1973-75 U.S. Census figures for the location of the library.

REGIONS:

C - Central
EC - East Central
NC - North Central
NE - Northeast
NW - Northwest
SE - Southeast
SW - Southwest

SIZE GROUPINGS:

A - libraries serving less than 500
B - libraries serving 500 - 999
C - libraries serving 1,000 - 2,499
D - libraries serving 2,500 - 4,999
E - libraries serving 5,000 - 9,999
F - libraries serving 10,000 - 24,999
G - libraries serving 25,000 - 49,999
H - libraries serving 50,000 and over

† Designates Resource Center Library for region.

() Denotes estimated figures in CHARTS I, III, IV

() Denotes titles in CHART II

< > Indicates estimates in CHART II only

ph - Wages per hour

Staff in FTE - includes all full time and part-time staff in FTE (full-time equivalents). FTE is computed on the basis of a 40-hour work week regardless of library's full-time work week. This was done in order to make staff FTE comparable from library to library.
